

GANESH SADASHIV KALAPAD

Pune, Maharashtra | +91 8830080013 | ganeshkalapadgk@gmail.com

LinkedIn: <https://linkedin.com/in/ganesh-kalapad-4100a4259> | **GitHub:** <https://github.com/gk155586>

PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science graduate with hands-on experience in full-stack web development, Java backend systems, and real-time application architecture. Proven ability to design, secure (JWT Authentication), and deploy (Vercel/Render/AWS) production-grade applications using Next.js, React.js, Node.js, and Express.js. Strong foundation in Data Structures & Algorithms. Passionate about writing clean, maintainable code and building highly scalable, optimized software solutions. Seeking **Software Engineer / Full Stack Developer / Backend Developer** roles.

CORE TECHNICAL SKILLS

Languages & Concepts: Java, Python, C, JavaScript (ES6+), TypeScript, Data Structures & Algorithms, OOP

Frontend & UI: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Framer Motion, Zustand

Backend & APIs: Node.js, Express.js, PHP, Socket.io, REST APIs

Databases & ORMs: MySQL, PostgreSQL, MongoDB, Prisma ORM, SQL

DevOps & Cloud: Git, GitHub, Vercel, Render, AWS (Basic), Turborepo

AI & Productivity Tools: ChatGPT, Gemini, GitHub Copilot, OpenAI API, LangChain (Basic)

WORK EXPERIENCE

Software Engineer Intern

YugaYatra Retail (OPC) Private Ltd

February 2026 – Present

- Contributed to software development, backend API implementations, and frontend component integration for web applications.
- Participated in optimizing database queries and system performance to enhance overall reliability.

Software Engineer Intern

FreshIn10 | Remote

February 2026 – May 2026

- Architected a multi-application monorepo ecosystem (Customer, Admin, Delivery platforms) using Next.js, TypeScript, and Turborepo, serving 3 production applications.
- Implemented real-time order tracking using Socket.io and secure session management via JWT Authentication, reducing order status latency by 40%.
- Developed 50+ RESTful APIs using Express.js and Prisma ORM, deployed on AWS for high availability, reducing average API response time by 25%.
- Integrated Razorpay payment gateway and managed complex application state using Zustand across all 3 client platforms.

Business Growth Intern

SmartED Innovations | Bengaluru, Karnataka

February 2026 – Present

- Collaborated with student outreach teams to enhance skill acquisition and accelerate career development through industry-oriented programs.
- Guided students on suitable learning paths and supported enrollments to bridge the gap between academic education and industry requirements.

Java Developer Intern

Previous Internship

Duration: 1 Month

- Contributed to UI design and backend integration for enterprise web applications using Java and associated frameworks.
- Integrated backend services with frontend components to ensure seamless data flow and consistent system interoperability.

PROJECTS

Multi-Application Monorepo & Order Tracking Platform

FreshIn10 | Next.js, Socket.io, Express.js, AWS | github.com/gk155586/FreshIn10

- Architected a multi-application monorepo ecosystem (Customer, Admin, Delivery platforms) using Next.js, TypeScript, and Turborepo.
- Implemented real-time order tracking using Socket.io and developed 50+ secure RESTful APIs with Prisma ORM, deployed on AWS.

Real-Time News Sentiment Analysis

Academic / Independent Project | Python, NLTK, TextBlob, Pandas

- Engineered a real-time news sentiment analysis pipeline using Python, NLTK, and TextBlob for NLP classification.
- Developed a web scraping module to aggregate news from 10+ sources, processing data with Pandas and visualizing trends with Matplotlib.
- Deployed an interactive dashboard via Render to display live sentiment reports filtered by technology, politics, and finance domains.

Feedback Form System

Academic Project | PHP, MySQL, HTML5, CSS3 | github.com/gk155586/Online_feedback-form-system

- Built a dynamic feedback platform using PHP and MySQL with client-side and server-side input validation.
- Implemented a secure role-based admin dashboard to filter and export data, tested locally via XAMPP and deployed to Vercel.

Library Management System

Academic Project | Java, MySQL

- Designed a comprehensive Library Management System using Java (Core OOP principles) and MySQL for persistent relational data storage.
- Developed optimized algorithms for book cataloging, issue/return management, and automated fine calculation.

PUBLICATIONS

"Real-Time News & Social Media Sentiment Analyzer + Summarizer"

International Journal of Innovative Research in Technology (IJIRT)

2026 (Vol. 12, Issue 8, pp. 5305–5309)

- Co-authored and published a peer-reviewed research paper on real-time news and social media sentiment analysis with automated text summarization capabilities.

CERTIFICATIONS & LICENSES

- AWS Certified Developer - Associate** (Infosys Springboard, Completed May 2026)
- Programming Fundamentals using Python - Part 1** (Infosys Springboard, Completed April 2024)
- Advanced IoT (Internet of Things)** (Innovians Technologies & IIT Varanasi Technex'24, Secured Second Position, May 2024)
- Applying AI Principles with Google Cloud** (Google Cloud)
- Introduction to Image Generation & Responsible AI** (Google Cloud)
- IoT Certification** (Internet of Things architecture and integration)
- Community Growth Appreciation Certificate** (DevTown, Issued July 2025)

VOLUNTEERING & CO-CURRICULAR

- Event Coordinator (VisioTech 2025):** Volunteer certificate for successfully organizing and managing technical events, coding competitions, and logistics for 500+ attendees at MGM's College of Engineering (April 24-25, 2025).
- Google Developer Groups (GDG):** Active participant in GDG community events and peer tech talks.
- Student Ambassador (Devtown):** Mentored students pursuing tech certifications and organized campus tech drives.

ACADEMIC BACKGROUND

Bachelor of Technology (B.Tech) — Computer Science & Engineering MGM's College of Engineering, Nanded	2022 – 2026
Higher Secondary Education (12th Standard) — Pareshwar Madhyamik Vidyalaya Aggregate Score: 83%	2021 – 2022
Secondary Education (10th Standard) — Saibaba Primary School Parbhani Aggregate Score: 75%	2019 – 2020
